

APES Ch. 8 & 11 Multiple Choice Test Hints

The MC test is 50 questions covering chapters 8 & 11.

NOTE: There will be a separate test on Ch. 11, module 32 extension (pesticides).

Most of the questions involve higher-order learning and critical thinking. Ask yourself how multiple choice questions can be written to cover these concepts.

Study your notes. Review relevant material and questions your study guide workbook and on Albert.io. Check all vocabulary in each chapter.

In addition to vocabulary at the end of **CHAPTER 8**, note these concepts...

Earth's age
Earth's crust – chemical elements
Earth diagram – plate movement
Fossils
Granitic rock, granite
Igneous rock examples
Landfill liner
Loam
MATH – tectonic plate movement calculation
Metamorphic rock examples
Mining legislation
Sedimentary rock examples
Soil separates: sand, silt, clay

In addition to vocabulary at the end of **CHAPTER 11**, note these concepts...

Bioaccumulation
Biomagnification
Irrigation
Farm-to-table stats
Fossil fuels
Genetic engineering
Major part of humans' diet, globally
GRAPH interpretation
Irrigation stats
Meat consumption
U.S. share of global pesticide use
