

APES WATER TESTING LAB DATA TABLE INFORMATION

STATION 1

- 1) **Ammonia/Nitrogen:** final color; positive or negative test
- 2) **pH:** color; numerical pH

STATION 2

- 3) **Chlorine:** final color; positive or negative test
- 4) **Chromium:** final color; positive or negative test
- 5) **Copper:** final color; positive or negative test

STATION 3

- 6) **Cyanide:** final color; positive or negative test
- 7) **Iron:** final color; positive or negative test

STATION 4

- 8) **Nitrate/Nitrogen:** final color; positive or negative test
- 9) **Dissolved Oxygen (D.O.):** final color; numerical ppm

STATION 5

- 10) **Phosphorus/Phosphate:** final color; positive or negative test
- 11) **Silica:** final color; positive or negative test

STATION 6

- 12) **Sulfide:** final color; positive or negative test
- 13) **Chloride:** final color; positive or negative test

STATION 7

- 14) **Sulfate:** final color; positive or negative test
- 15) **Hardness/Hard Water:** final color; numerical ppm
