

## APES Final Exam Review Guidelines – Mrs. Bauck

*NOTE: My APES final exam is optional, since students have taken the College Board AP exam.*

### 1) MULTIPLE CHOICE:

- Ch. 4 – Global Climates and Biomes = 12
  - Ch. 15 – Air Pollution and Stratospheric Ozone Depletion = 12
  - Ch. 19 – Global Change = 12
  - Ch. 12 – Nonrenewable Energy Sources = 12
  - Ch. 13 – Achieving Energy Sustainability = 12
  - Ch. 17 – Human Health and Environmental Risks = 12
  - Ch. 16 – Waste Generation and Waste Disposal = 12
  - Ch. 10 – Land, Public and Private = 12
  - Ch. 5 – Evolution of Biodiversity = 12
  - Ch. 18 – Conservation of Biodiversity = 12
- 120 MC questions total, 60% of score

### 2) TWO COLLEGE BOARD FRQs – 80 pts. total, 40% of score

120 + 80 = 200 total raw score points for the exam

### Materials

Bring #2 pencils with good erasers, loose leaf paper, and a blue or black ballpoint pen.  
Scan-Tron sheets and scrap paper will be provided.  
Calculators will be allowed, beginning with the 2019-2020 school year.

### General information

My APES final exam is optional, since students must take the AP exam. If you choose to take my exam, and your grade would lower your semester average, the exam will not be counted.

The exam is divided into sections by topics. Bring something to do (book, journal, other classes' work, etc.) if you finish early. No electronic devices are allowed in use as long as exams are being taken in the room.

The final exam is weighted 1/3 of the semester grade. All of the multiple choice questions come from tests you have already taken.

### Helpful tips

- 1) Check all past MC test reviews online. <http://kwanga.net/apes-notes2.html>
- 2) Review all notes, especially the parts you highlighted or marked as important.
- 3) Practice working dimensional analysis and other math problems.
- 4) Review all FRQs on topics covered so far.
- 5) Review on Albert.io.
- 6) Take practice exams from your study guide book.
